

This is a very rough sketch of the St. Anne campus buildings near the location of the Stewardship Networking Group meeting.

Visitors should parking in the 3-story parking garage adjacent to the Basilian Building. The meeting area can be accessed through a number of doors and entries as shown.

The SNG meeting is being held in the St. Patrick and St. Sebastian meeting rooms which will have the separating wall collapsed to ensure a larger meeting space.

Mass is celebrated on weekdays at 12 noon in St. Anne Church which is across the circle drive area from the Basilian Building. Entry is easiest by going past the porte-cochere and through the side door.
